Digital Confidence Announces MetadataTouch 3

TEL AVIV, ISRAEL (May 6, 2010) — Digital Confidence, the leading provider of data leakage prevention (DLP), hidden data / metadata removal, and privacy software solutions, today announced the release of version 3 of its powerful multi-format metadata editor - MetadataTouch™.

MetadataTouch™ 3 was added the ability to edit XMP metadata in MP4, JPEG 2000, and F4V files, one file at a time, or in batch.

MetadataTouch™ is a powerful tool to view and edit metadata in Microsoft Office® documents (Word, Excel®, and PowerPoint®), OpenOffice.org / StarOffice™ documents, and image and media files such as JPEG, JPEG 2000, AVI, WAV, MP4, F4V, and SVG. MetadataTouch™ is a superior tool for metadata management, and it is also useful for e-discovery and digital forensics specialists.

About Digital Confidence

Digital Confidence is the leading provider of data leakage prevention (DLP), hidden data / metadata removal, and privacy software solutions to individuals and organizations of all sizes, from small and medium businesses and law firms, to large-scale enterprises.

Digital Confidence's best-of-breed products enables its customers to make their way in the digital world with confidence, and frees them from the worry of unintentional sensitive data leakage which can cause embarrassment with possible financial and legal implications.

Digital Confidence is a privately held company with corporate headquarters in Tel Aviv, Israel.
